

Palliative Care Clinical Rounds

JUNE
20

CYIPR-01606-A

Tuesday, June 20, 2017

5:00 p.m. – 6:00 p.m. EST

OBJECTIVES

By the end of the program, participants will be able to:

- Apply a multidisciplinary approach to decision making.
- Analyze challenging palliative care cases.
- Discuss treatment options by fostering the development of a community of practice for palliative care providers.

PROGRAM DESCRIPTION

This session will provide participants with an opportunity to review best practices with other primary-care providers and local experts. The goal is to help each other better manage challenging palliative cancer cases in Northern Ontario and create a community of practice.

AUDIENCE

Family physicians, palliative physicians, and nurse practitioners. Other disciplines may be invited according to the case presented: surgeons, pathologists, radiologists, medical and radiation oncologists, nurses, and other allied health-care practitioners.
