

HSN Lecture Series

Breast Calcification Management and Quality Management Partnership (QMP)

Presented by: Dr. Beatriz L. P. Junqueira-Duarte and Dr. Evan Roberts

CGHGR-01620-A

Wednesday, February 22, 2017
7:00 a.m. – 8:00 a.m. EST

OBJECTIVES

By the end of the program, participants will be able to:

- Review the morphology and distribution descriptors of the breast calcifications.
- Identify the birads classification of the different types of calcification.
- Discuss the indications for biopsy of breast calcifications and management in general.
- Explain the technique of imaging breast calcifications in mammogram and ultrasound.
- Review the scientific basis of QMP as it relates to screening mammography and High Risk and Surgical Breast MRI.

PROGRAM DESCRIPTION

The HSN Grand Rounds foster collaborative patient care and exchange of ideas across all disciplines in health care and medical education. During this presentation the speakers will discuss the cirrhotic patient.

PRESENTER

Dr. Beatriz Junqueira-Duarte, MD, FRCP(C), is from Rio de Janeiro, Brazil, where she obtained her medical degree in 2006 from Universidade Estácio de Sá. Dr. Junqueira-Duarte relocated to Canada and completed a Radiology residency at the University of Toronto in 2015 followed by a fellowship in Women's Imaging at the University of Toronto in 2016. She recently joined the Department of Medical Imaging at HSN.
