

Regional Education Rounds

Benign Prostatic Hyperplasia (BPH): Review and Update on Treatment Modalities

Presented by: Dr. Hazem Elmansy

CGTRR-01708-A

Tuesday, February 13, 2018
12:00 p.m. – 1:00 p.m. EST

OBJECTIVES

By the end of the program, participants will be able to:

- Diagnose and treat men with Benign Prostatic Hyperplasia (BPH).
- Evaluate and effectively manage acute urinary retention.
- Understand the use of holmium laser for BPH.

PROGRAM DESCRIPTION

The Thunder Bay Regional Health Sciences Centre (TBRHSC), in collaboration with the Northern Ontario School of Medicine (NOSM), provides monthly Regional Education Rounds (RER). The RER are multidisciplinary, interprofessional, and intended to foster effective team care.

DISTRIBUTED LEARNING

Face to Face

TBRHSC: Auditorium A

Please specify your OTN location when registering.

PRESENTER

Dr. Hazem Elmansy, Assistant Professor of Urology, joined Thunder Bay Regional Health Sciences Centre's urology department in May 2017. He completed his urology residency at McGill University and has training in endourology (including Percutaneous Nephrolithotomy for complex stone management, laser surgery for the prostate and metabolic work-up to prevent stone disease recurrence). Dr. Elmansy has a strong passion for research and has co-authored 16 peer-reviewed publications, as well as a chapter in *Smith's Textbook of Endourology*.
