

CoNFESS Colloquium

June 15-16, 2017

Lost in Translation?

Connecting simulation scholarship with patient outcome

Health Sciences North and the Northern Ontario School of Medicine are presenting the 2nd combined colloquium and master class on 'scholarship-driven simulation based education'.

This event will bring local and national experts together to explore how simulation based scholarship can influence patient outcomes and improve care in a measurable way. It is our continued aim to engage clinicians as scholars, build collaborations across specialties and institutions and showcase local expertise.

Date and Time:

June 15: 1200– 1630

Plenary Sessions: 1800-2000

June 16: 0800-1330

Venue:

HSN Simulation Lab, Sudbury Outpatient Centre,
865 Regent Street South, Level 3
Sudbury, Ontario

Keynote Speakers:

Dr. Viren Naik

Professor, University of
Ottawa. VP Education,
The Ottawa Hospital

Roberta L. Hales

Simulation Educator, Children's
Hospital of Philadelphia. Drexel
University, College of Medicine

Dr. Teodor Grantcharov

Professor, University of
Toronto. Research Chair in
Simulation and Surgical Safety

To register:

Please contact Dana Crispo, Administrative Secretary
Simulation Lab, Health Sciences North | Horizon Santé - Nord
865 Regent Street South, Sudbury, ON P3E 3Y9

Tel: 705-523-7100 ext. 3903 **E-mail:** confessideas@hnsudbury.ca

Objectives

- Identify opportunities for scholarship-driven simulation based education;
- Identify a program evaluation plan that includes clinically relevant outcome metrics;
- Connect patient outcome and quality improvement data to generate clinically important scholarly questions;
- Identify at least one member of the clinical community with similar scholarly interests whom they will connect with in the next six months
