MOTION –CARRIED – ELECTRONIC VOTE – MAY 13, 2024

BACKGROUND INFORMATION:

The enabling motion has been a common practice for many years for the NOSM Academic Council as well as the NOSM University Senate, however included in each motion. This ONE motion will allow this to be a standard policy that empowers the appropriate Associate Dean, Assistant Dean or Provost and Registrar to approve late additions to the graduands' list who had not appeared on the convocation list. This will also allow any late candidates to join the convocation ceremonies (if applicable). The Registrar sets that deadline and can be found under Important Dates – Academic Calendar.

The list of graduates have all been prepared, vetted and approved by the Student Assessment and Promotion Committee (SAPC), Graduate Studies Committee and Office and/or the appropriate program (committee or Assistant/Associate Dean) and the Registrar. Any names not on this list but have met the requirements will be submitted at a future senate meeting, this will not require a formal motion, just noted for information in the Registrar's report.

This list must remain confidential, the Registrar is directed to prepare the lists for Convocation and conveyed in an open setting.

IMPLEMENTATION STEPS AND TIMELINE:

Upon approval by the Senate, the Registrar will then provide the requisite information in preparation for May 24, 2024, in Thunder Bay and May 31, 2024, in Sudbury Convocation Ceremonies.
